GOODRICH

Who we are

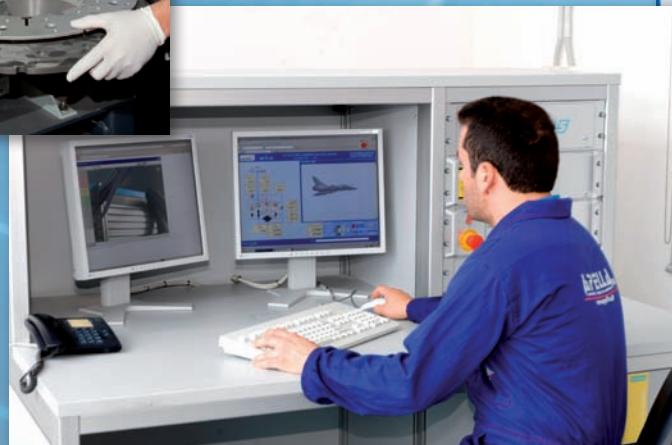

Our mission is to help our customers succeed by providing aviation maintenance services of the highest caliber

APELLA is a privately owned aviation Maintenance Repair Organization (MRO) experiencing continual growth since its inception in **1998**.

APELLA is an agile organization with a diverse management team and a workforce that averages more than **15 years** of aviation industry hands-on experience.

Located less than 5 miles from the Athens International Airport, **APELLA** operates out of its recently developed **2,000 m²** facility, and offers quick and efficient aircraft component maintenance services with state-of-the-art equipment.

What we do

Wheels, Brakes, & Tires Service

Substantial inventory of OEM parts support quick turn-around time on the repair and overhaul of aviation wheels, brakes, and tires.

Component Service

New state-of-the-art shops ensure quality service of DC Starter generators, batteries, pressurized bottles, and missile seeker coolant tanks.

Manufacturing

Fully equipped machine and welding shops enable manufacturing of aviation components and special tooling in accordance with OEM drawings and Component Design and Manufacturing via Reverse Engineering.

Non Destructive Testing (NDT)

Expert certified personnel conduct in-house and on-site NDT of aircraft and helicopter structures and components.

Why Apella?

Performance

APELLA continually demonstrates proficient execution of military and commercial contracts supporting more than 25 airline operators and air forces with a combined fleet of over 220 aircraft throughout Europe, the Middle East, and North Africa.

Strong Partnerships

- Exclusive Distributor of Goodyear aviation tires in Greece, Cyprus, and Jordan
- Exclusive Distributor of Goodrich military wheels & brakes in Greece
